### Is IT the right choice, will you continue, results so far - student's perspective:

I believe IT is the right choice for me. I most definitely will continue with the programme, despite initial difficulties. I am slowly understanding more and more the expectations and how to best meet them.

### Is IT the right choice, will he/she continue, results so far – lecturers team's perspective:

This is the lecturer's part, therefore do not fill this part in.

### Additional remarks:

I am very grateful for the experience I have had in periods 1 and 2. This kind of education is different than what I am used to, but however challenging it might be to adapt, I will try my best.
