— Absences: Prince Okine (Group B), Muhammad Umar Kamran (Group E), Amin Kiani (Group F), Miguel Ranchor

1. **Announcements**:
   — Student announcements: none
   — General announcements:
     - HBO Sports will not be in attendance

2. **Discussion of minutes of the previous plenary meeting**:
   — The minutes of the previous plenary meeting have been accepted

3. **Reflection of this week**:
   — Web Development: basically done, no issues
   — Project: good, most teams have received the final decision and just began the programming
     - Advice: if anyone is stuck, they should ask for help, don't be afraid to ask
   — Professional Skills: no remarks, everyone is up to speed
   — Any further remarks:
     - Advice: If any feedback is needed for the project plan, it is possible to book an appointment with Rene Laan

   **Discussion of this week's lectures and workshops**: -

4. **Next week**:
   — Last week before the lecture-free week
   — If we are behind, the lecture-free week should be used to catch up
   — Input: An email was received, to download certain software, which is incompatible with the coding exams
   — Reply: It is no longer needed, it was required during the pandemic

5. Any further questions? –
